One man's death will change the future.  
Only two people can save him - if they  
have the courage to trust each other.  
Elizabeth Barritt fought hard for the life  
she has, finally putting the ugly

memories of a childhood trapped in the foster care system behind her. She has the chance to move forward, to reach out for a new, exciting future, surrounded by the art that is her passion. All she has to do is take the first step. Enter Jackson Kane, who bursts into her life, literally out of thin air. He is a time traveler, on the hunt for a rogue agent. Colliding with Elizabeth is not on his agenda, as much as she intrigues him. When Kane is injured protecting Elizabeth from that agent, she makes a decision that will change her life, in ways she can't even begin to grasp. She takes him home. Once he is healed enough to travel, Kane goes after the agent, chasing him back to war-torn London. But his journey back takes a sideways turn, forcing Elizabeth to make another

choice. She follows him into the past, to help him stop one man from changing their future. Together, they learn to trust. What they don't expect is the connection between them - a connection so strong they can't fight it, even as they try. Because how can it work, when their lives are centuries apart? \*Includes an exclusive preview of First Breath, Book Two of the Love in Time series.

Best-selling author Gordon Korman's middle-grade favorite, now with a fresh look! Wallace Wallace won't lie, even if it means detention. And after he handed in a scorching book report of the classic novel, *Old Shep, My Pal*, detention is just what he's been handed. He is sure he's done nothing wrong: he hated every minute of that book, especially when the dog dies in the end! Why do dogs always die at the end? Wallace refuses to do a rewrite of his report, so his English teacher, who happens to be directing the school play of *Old Shep, My Pal*, forces him go to the rehearsals to teach him a lesson on why the story is the way it is. Surrounded by theater kids who are apprehensive of him, Wallace sets out to prove himself. But not by changing his mind. Instead, he changes the play into

a rock-and-roll rendition, complete with Rollerblades and a moped! No More Dead Dogs Simon and Schuster I've been nothing but a failure to my parents my entire life. I know I'll never live up to their level of perfection, but it doesn't matter. Especially, when I'm about to fail the same class twice. It seems like I'm doomed until my professor tells me he knows the perfect guy to tutor me-if he'll agree. Cree Madison is the star player on the hockey team, bound for NHL superstardom, and my last hope. I'm willing to do almost anything for his help. When I meet up with him, his eyes light up and he says, "I've been looking for you." Only I don't know him, and I've never met him before now. I'm willing to pretend to be whoever he wants me to be if it means I

pass this class. But lies have a way of getting out of hand and neither one of us is prepared for the fallout when everything comes to light.

Love is a Dog From Hell Algonquin Books Zoo of Emotions is a read-aloud illustrated children's book that teaches simple and complex emotions using the alphabet, rhythmic prose and colorful illustrations. *The Dogs of Babel* Little, Brown

For fans of *Old Yeller* and *Shiloh*, *Where the Red Fern Grows* is a beloved classic that captures the powerful bond between man and man's best friend. This special edition includes new

material, including a note to readers from Newbery Medal winner and Printz Honor winner Clare Vanderpool, a letter from Wilson Rawls to aspiring writers, original jacket artwork, and more. Billy has long dreamt of owning not one, but two dogs. So when he's finally able to save up enough money for two pups to call his own—Old Dan and Little Ann—he's ecstatic. It's true that times are tough, but together they'll roam the hills of the Ozarks. Soon Billy and his hounds become the finest hunting team in the valley. Stories of their great achievements spread throughout the region, and the combination of Old Dan's brawn, Little Ann's brains, and Billy's sheer will seems unbeatable. But tragedy awaits these determined hunters—now friends—and Billy learns

that hope can grow out of despair. you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that

made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

*Ugly Love* HarperCollins

Can A Shocking Resurrection From Extinction Save Mankind? While the world succumbs to the horrors of a great flu epidemic, a woman vows to protect the perilous fate of a bird whose existence manipulates the destiny of man. In this suspenseful tale, part Michael Crichton, part Rachel Carson, a global virus sets the tone, but it's a one-pound bird that determines who lives. . . and who doesn't. Science collides head-

on with the untamed in this powerful novel of redemption. "A wonderful reading experience... I think anyone who picks up this book will be changed by it." Jeffrey Moussaieff Masson, Ph.D., Author of When Elephants Weep and Dogs Never Lie About Love "Quick Fall of Light shares Rachel Carson's fears for our planet and exhibits Woodley's own "sense of wonder," as well as her sure instincts for mystery and suspense." Linda Lear, Author of Rachel Carson: Witness for Nature "A prophetic mystery and an environmental thriller, Quick Fall of Light will keep you reading and wondering." Brenda Peterson, Author of Animal Heart "This book has everything! Great characters, vivid language, a shocking resurrection, and birds. I loved it!" Sy Montgomery, Author of Birdology.

"A suspenseful tale of a near-future virus, Quick Fall of Light is a unique contribution to the literature of extinction" Christopher Cokinos, Author of Hope Is the Thing with Feathers: A Personal Chronicle of Vanished Birds Award-Winning Finalist in the Fiction & Literature: Cross Genre Fiction and Visionary Fiction categories of the "Best Books 2010" Awards, sponsored by USA Book News

**The Animals Never Lie** Little, Brown Books for Young Readers  
Dog lovers get ready - Jeffrey Moussaieff Masson, international bestselling author of Dogs Never Lie About Love (which the San Francisco Chronicle calls "winning and wise," and "a charming paean to our best friends"), is back with an inspiring, heart-warming, and deeply personal

exploration of the unique relationship between humans and dogs. As in *When Elephants Weep*, *The Face on Your Plate*, and *The Pig Who Sang to the Moon*, Masson blends cultural mythology, scientific research, and stories of his own experiences to tackle deep questions about the emotional lives of humans and animals. His compelling, elegant, and often humorous narrative about the love people feel for dogs (perfect for fans of John Grogan's *Marley & Me*) gives a new perspective on the extraordinary relationship between our species.

Bestselling author Jeffrey Masson shows us what the animals at the top of the food chain-orca whales, big cats, etc.- can teach us about the origins of good

and evil in ourselves. In his previous bestsellers, Masson has showed us that animals can teach us much about our own emotions—love (dogs), contentment (cats), and grief (elephants), among others. In *Beasts*, he demonstrates that the violence we perceive in the “wild” is a matter of projection. Animals predators kill to survive, but animal aggression is not even remotely equivalent to the violence of mankind. Humans are the most violent animals to our own kind in existence. We lack what all other animals have: a check on the aggression that would destroy the species rather than serve it. In *Beasts*, Masson brings to life the richness of the animal world and strips away our misconceptions of the creatures we fear, offering a powerful and compelling look at our uniquely

human propensity toward aggression. *What's Wrong with Pauly?* St. Martin's Press

When does a dog's behavior become too dangerous for even the most loving person to accept? Karen Shanley tackles this question in lyrical prose and brings to life her relationships with three very different dogs: Kiera, Molly, and Magic, who all manage to capture Shanley's heart. *Dogs of Dreamtime* makes readers take a long, hard look at what matters most in life, and what does not—what can and cannot be controlled. This is a touching story that will stay with readers forever.

Dogs fill our hearts with love and our minds with wonder, but their emotional

lives have remained unexplored since Darwin 125 years ago. Now in *Dogs Never Lie About Love*, controversial psychoanalyst Jeffrey Masson brilliantly navigates the rich inner landscape of "our best friends." As he guides readers through the surprising depth of canine emotional complexity, Jeffrey Masson draws from myth and literature, from scientific studies, and from the stories and observations of dog trainers and dog lovers around the world. But the stars of the book are the author's own three dogs whose delightful and mysterious behavior provides the way to exploring a wide range of subjects--from emotions like gratitude, compassion, loneliness, and disappointment to speculating what dogs dream of and how their powerful sense of smell shapes their perception of

reality. As he sweeps aside old prejudices on animal behavior, Masson reaches into a rich universe of dog feeling to its essential core, their "master emotion": love. Like the dogs he loves, Masson's writing will capture the reader with its playful, mysterious, and serious sides. Its surprising insights provide a new dimension of understanding for dog owners everywhere.

**For the Love of a Dog** CreateSpace  
Yes, humans and canines are different species, but current research provides fascinating, irrefutable evidence that what we share with our dogs is greater than how we vary. As behaviorist and zoologist Dr. Patricia McConnell tells us in this remarkable new book about emotions in dogs and in people, more

and more scientists accept the premise that dogs have rich emotional lives, exhibiting a wide range of feelings including fear, anger, surprise, sadness, and love. In *For the Love of a Dog*, McConnell suggests that one of the reasons we love dogs so much is that they express emotions in ways similar to humans. After all, who can communicate joy better than a puppy? But not all emotional expressions are obvious, and McConnell teaches both beginning dog owners and experienced dog lovers how to read the more subtle expressions hidden behind fuzzy faces and floppy ears. For those of us who deeply cherish our dogs but are sometimes baffled by their behavior, *For the Love of a Dog* will come as a revelation—a treasure trove of useful facts, informed speculation, and

intriguing accounts of man's best friend at his worst and at his very best. Readers will discover how fear, anger, and happiness underlie the lives of both people and dogs and, most important, how understanding emotion in both species can improve the relationship between them. Thus McConnell introduces us to the possibility of a richer, more rewarding relationship with our dogs. While we may never be absolutely certain what our dogs are feeling, with the help of this riveting book we can understand more than we ever thought possible. Those who consider their dogs part of the family will find *For the Love of a Dog* engaging, enlightening, and utterly engrossing. *Horses Never Lie* Viking Childrens Books

The Nine Emotional Lives of Cats

Diana Wells's intriguing exploration into the rewards of relationships--both the canine and human varieties--begins when she reluctantly starts seeing a psychologist, Beth, during a difficult time in her life. With no insurance to pay for counseling, a barter is arranged in which the client becomes part-time caretaker to the therapist's dog, Luggs, a sweet,

clumsy black Labrador retriever. As Wells examines her past--her peripatetic childhood, her eccentric family, her grief over the deaths of loved ones--Luggs provides a bridge between therapist and patient. Dog lover by nature, historian by trade, Wells finds herself curious about the connections that dogs and humans have shared for centuries--and what these bonds tell us about our own psyches. Wells observes that training a dog has much in common with the therapeutic techniques her psychologist employs. Looking into recent experiments that have proved dogs better at interpreting human behavior than chimps or wolves, Wells explores the subtleties of her own relationship with dogs. Increasingly she finds herself agreeing with Diogenes, the original

Greek cynic (the word cynic comes from the greek kuon, meaning "dog"), who said that unless we think like dogs, happiness will elude us. Wells analyzes what we name our dogs, how we breed them, how we've explored the wilderness with them, the kinds of literature we write about them, why we love them, and, most important, what we can learn from them. When an unexpected illness befalls Beth, Luggs comforts the two women, and his devotion helps Wells come to accept that relationships--despite the possibility of hurt and pain--are what life is all about.
