Select your location Close location selector. Dyson UK | Official Site The Dyson DC25 Animal vacuum uses cyclone technology and the HEPA filters are reusable, which means that you only have to wash them every now and then. The HEPA filters are a suitable filtering system for every working

housewife or a sworn bachelor, because they need to be cleaned two to three times per year and they separate the little particles from the air, which makes allergies and infections less flagrant. Read Dyson support guides to help get the most out of your machine.
