"In the spring of 1852 a small party started from south-eastern Iowa to journey overland to Oregon. The little group consisted of four families ... With the party was a young man about eighteen years of age, James Akin Jr., who kept a brief journal of the trip in which he recorded the daily happenings"--Page 3.

Broken Bargain Speedy Publishing LLC

Early European explorers regularly portrayed California as an island on their maps, mistaking the Gulf of California as extending northward without limit. This volume is written to show that California history can also be presented in a different way: its thesis, plainly stated, is that California (despite all of its unique

qualities) has never been an island.

The Oregon Trail Quid Pro Books

Updated by the two living original authors, this new paper edition of *New Orleans Yesterday and Today* provides information on recent additions to the New Orleans scene, including countless new restaurants and music venues, casino gambling, the D-Day Museum, and the Aquarium of the Americas. The book provides a well-rounded sense of New Orleans' unique and multi-faceted culture and its evolution as a city. In addition to being a help to tourists, the book will provide a refresher history course to New Orleans natives.

United States History Open Road Media

As television screens across America showed Chinese students blocking government tanks in Tiananmen Square, the fall of the

Berlin Wall, and missiles searching their targets in Baghdad, the connection between media and revolution seemed more significant than ever. In this book, thirteen prominent scholars examine the role of the communication media in revolutionary crises -- from the Puritan Revolution of the 1640s to the upheaval in the former Czechoslovakia. Their central question: Do the media in fact have a real influence on the unfolding of revolutionary crises? On this question, the contributors diverge, some arguing that the press does not bring about revolution but is part of the revolutionary process, others downplaying the role of the media. Essays focus on areas as diverse as pamphlet literature, newspapers, political cartoons, and the modern electronic media. The authors' wide-ranging views form a balanced and perceptive examination of the impact of the media on the making of history.

The Bulletin W. W. Norton & Company

In 1803, President Thomas Jefferson acquired 828,000 square miles from France. When Meriwether Lewis and William Clark set out to chart the Louisiana Purchase, they discovered an exciting and varied country. Discover the circumstances and effects of the acquisition in The Louisiana Purchase.

Missouri Compromise Threatens National Unity | U.S. Politics 1801-1840 | History 5th Grade | Children's American History of

1800s University Press of Kentucky

A political history of how the fledgling American republic developed into a democratic state at the onset of the Civil War offers insight into how historical beliefs about democracy compromised democratic progress, providing coverage of the rivalry between Jeffersonians and Federalists, and identifying the roles of key contributors, including Andrew Jackson, Anti-Masons, and fugitive slaves. Reprint.

The American Monthly Review of Reviews Univ. Press of Mississippi

Bourbon? Calliope? St. Claude? Craps Street??! New Orleans history, legend, and myth are humorously and colorfully told through its street names, in a famous book all the locals grew up with — and tourists will enjoy — by cartoonist and humorist John Churchill Chase. The new ebook edition takes Chase's second and best edition and makes it more usable to the digital reader, adding a fully-linked index, active Contents, linked notes and cross-references, all the cartoons from the original, and more. It is searchable and properly formatted for e-readers, pads, and smartphones, and features all the drawings and map sketches of the original Second Edition, even including (unlike other versions) the cover inset drawings and the original dustjacket. A quality digital republication from Quid Pro Books and its Quaint Press imprint, this ebook still makes locals and visitors laugh while learning the sometimes embarrassing truths behind the people, neighborhoods, avenues, and "neutral grounds" of the hodgepodge that became New Orleans. "Once upon a time," Chase writes, "while minding my own business drawing historical cartoons, I became intrigued with the realistic manner in which

the street names of New Orleans told my city's lusty history...."

He closes his preface thanking his wife, "who says that she does so believe that I was at the library all the times I said I was, and not at the Sazerac Bar. I also wish to thank the bartenders of the Sazerac Bar." This classic work is funny yet very informative. And in its new digital format with special features from Quid Pro Books, it serves as a great guide to the city's pathways to the present.

The Mysterious Stranger and Other Cartoons Princeton Review

This volume is a collection of political cartoons by Thomas Nast that brought Boss Tweed to justice. The legendary Boss Tweed effectively controlled New York City from after the Civil War until his downfall in November 1871. A huge man, he and his Ring of Thieves appeared to be invincible as they stole an estimated \$2 billion in today's dollars. In addition to the New York City and state governments, the Tweed Ring controlled the press except for Harper's Weekly. Short and slight Thomas Nast was the most dominant American political cartoonist of all time; using his pen as his sling in Harper's Weekly, he attacked Tweed almost single-handedly, before The New-York Times joined the battle in 1870. The author focuses on the circumstances and events as Thomas Nast visualized them in his 160-plus cartoons, almost like a serialized but intermittent comic book covering 1866 through 1878.

The Louisiana Purchase Cavendish Square Publishing, LLC
Chronicles the events which led to Jefferson's acquisition of Louisiana from Napoleon Bonaparte.

The Conquest of the West John Wiley & Sons Incorporated
A notable historian reveals how the United States doubled its size

through the Louisiana Purchase, ending the French colonial interference in the region and sparking the rise of Manifest Destiny on the continent.

Doomed by Cartoon Sterling Publishing Company

Carolyn Kolb provides a delightful and detailed look into the heart of her city, New Orleans. She is a former Times-Picayune reporter and current columnist for New Orleans Magazine, where versions of these essays appeared as "Chronicles of Recent History." Kolb takes her readers, both those who live in New Orleans and those who love it as visitors, on a virtual tour of her favorite people and places. Divided into sections on food, Mardi Gras, literature, and music, these short essays can be read in one gulp or devoured slowly over time. Either way, the reader will find a welcome companion and guide in Kolb. In bringing her stories up to date, Kolb's writings reflect an ongoing pattern of life in her fascinating city. Since the devastation of Hurricane Katrina in 2005, some of these things remembered will never return. Some of the people whose stories Kolb tells are no longer with us. It is important to her, and to us, that they not be forgotten. Kolb, and her readers, can honor them by sharing and enjoying their stories. As Kolb says, "When things fail, when the lights go out and the roof caves in and the water rises, all that remains, ultimately, is the story." This collection of such stories was made with love.

Great Debates in American History: Finance, part 2, and indexes Holt McDougal

From two-time Newbery Medalist Kate DiCamillo comes a story of discovering who you are — and deciding who you want to be. When Louisiana Elefante's granny wakes her up in the middle of the night to tell her that the day of reckoning has arrived and

they have to leave home immediately, Louisiana isn't overly worried. After all, Granny has many middle-of-the-night ideas. But this time, things are different. This time, Granny intends for them never to return. Separated from her best friends, Raymie and Beverly, Louisiana struggles to oppose the winds of fate (and Granny) and find a way home. But as Louisiana's life becomes entwined with the lives of the people of a small Georgia town — including a surly motel owner, a walrus-like minister, and a mysterious boy with a crow on his shoulder — she starts to worry that she is destined only for good-byes. (Which could be due to the curse on Louisiana's and Granny's heads. But that is a story for another time.) Called "one of DiCamillo's most singular and arresting creations" by The New York Times Book Review, the heartbreakingly irresistible Louisiana Elefante was introduced to readers in *Raymie Nightingale* — and now, with humor and tenderness, Kate DiCamillo returns to tell her story.

New Orleans Yesterday and Today Yale University Press

The big purchase that led to fundamental questions about what America would become In 1803 President Thomas Jefferson bought the Louisiana Territory from the French for \$15 million, extending the United States beyond the Mississippi River for the first time. Now the United States had big questions to answer: How would Louisiana be governed? How would it be divided? Would it be comprised of free states or slave states? What would happen to the Native Americans? With biographical sketches of the people who helped forge the answers to these questions, such as Lewis and Clark, Napoleon Bonaparte, and of course, Thomas Jefferson, this is the tale of the expansion of the United States into a new territory as well as a new era.
