Jesse dies for a living, literally. Because of a neurological disorder, Jesse can serve as a death surrogate, dying so others don't have to. Although each death replacement is different, the result is the same: a life is saved, and Jesse resurrects days later with sore muscles, new scars, and another hole in her memory. But when Jesse is murdered and becomes the sole suspect in a federal investigation, more than her freedom and sanity are at stake. She must catch the killer herself--or die trying.
